CONDITIONS OF PERMIT:

1. The applicant is restricted to grading only the site as shown on the approved site plan.
2. The grading shall not impede any existing drainage courses on site or along project boundary.
3. Streets shall be kept clean of any dirt tracking from the site.
4. The applicant shall ensure that all disturbed/graded areas are stabilized and implement any necessary erosion control measures to prevent sediment from leaving the site during storm events.
5. The contractor's operations shall not affect the use and easement of adjacent land owners.
6. Any modifications or changes to the site plan signed by the city must be approved by the city engineer prior to implementation.
7. The city inspector shall have the right of access to the project at all times when construction activities are ongoing. Denial of access will result in the immediate shutdown of the project.
8. The applicant shall comply with all conditions of approval for the subject project.

The permit is issued with the understanding that the applicant, based on the cost to the City of Calimesa, will pay fees. An initial deposit of \$_____ has been paid to the City. The deposit shall be supplemented during construction as the funds are used. The minimum funds on file with the City shall be \$_____. The City shall provide notice to the applicant when an added deposit is required. The added deposit shall be filed within five (5) working days or the applicant and contractor will be issued a stop work order until the fees have been paid.
